

St Joseph's Catholic School, Fairfield

Dear Parents

At St Joseph's we use a system called LINC-ED for reporting. The staff have been posting rich content to our LINC-ED site and we are excited to share this with you and involve you in your child's learning journey.

Our aim has been to implement a robust system that allows teachers, parents, and students to access learning in an online environment that is secure, easy, and effective. In terms of security, LINC-ED commissioned Andrew Horton, an internet security expert, to write a report on the security features of the system. Andrew reported that the system was "as secure as some banks".

LINC-ED allows teachers to share learning anytime, anywhere and this can be viewed on any device. We are excited about the potential that the software offers. The report is designed to build year on year so that over time you will have access to comments, assessments, images, video and helpful resources all in one place.

How do I access my child's LINC-ED page?

Step 1

Visit <https://stjosephsfairfield.linc-ed.com/>

Step 2

Your username is the email address that you have previously shared with the school. Enter your email and then click Get New Password. You do not have a password and you must click on lost password and follow the instructions.

Step 3

The link will take you to a page where you will see your new password. If you choose to personalise this, you can delete the generated password and enter your own strong, secure password. You must personalise your password.

Step 4

Enjoy reading, viewing and listening to your child's learning.

Yours Sincerely,

James Murray

Principal
